Planned giving through the

**CAPPED  
LEGACY SOCIETY**

**You have succeeded. Now your contribution will improve the health of future generations.**

Planned gifts include bequests, charitable trusts, gift annuities, gifts of life insurance, memorials and designating a charitable organization as a beneficiary of a retirement savings plan. Each of these options is discussed in detail in the accompanying brochures of this series.

Planned gifts typically come from a donor's assets rather than from income, and can be either outright or deferred.

Planned giving involves integrating a donor's charitable gift into his or her overall financial, tax and estate planning objectives so as to maximize benefits to both the donor and to CAPPED.

If the desire to give is born of a desire to memorialize a loved one, planned giving shows us how to make the best use of the assets we have available to us.

The CAPPED Board of Directors has established the CAPPED Legacy Society for individuals who have made a planned gift to CAPPED. If you have made a planned gift to CAPPED and wish to have your name or names added to those in the CAPPED Legacy Society, please contact CAPPED at (575) 434-HOPE (4673).

Remember, we strongly encourage all donors to consult with their own tax or legal advisors prior to making a planned gift.

**For more information  
phone us at CAPPED**
